Follow the simple steps on the following pages:

HOW TO MAKE CALLS AND SEND EMAILS

1. Have an understanding of who you are calling/emailing and why.

President Biden appointed Secretary Mayorkas who makes the final decision for Mr. Kennedy to receive federally funded protection. Voicing our opinion will prompt the reconsideration of this decision.

Secretary Myorakas is the Head of the Department of Homeland Security. By calling and sending him tweets, we are delivering the message straight to the source.

Senate Majority Leader Chuck Schumer, Senate Minority Mitch McConnell, Speaker of the House Kevin McCarthy and House Minority Whip Hakeem Jeffries make up the subcommittee that advises Secretary Mayorkas on this decision.

By inundating their phone lines, inboxes and tweets with requests to supply our candidate with federally funded security, the message will be relayed to President Biden for Secretary Myorkas to reverse the decision.

2. You will be reaching someone whose job it is to take incoming calls like yours. Be clear and concise and speak from your heart.

Please see below for scripts we are providing as inspiration and guidelines for your outreach. Take some time and find one or two that feel appropriate then please create your own version. First we list phone scripts. These can be modified and used as email content as well. Recommended copy for emails to Congress follow.

SCRIPTS FOR PRESIDENT BIDEN and/or SECRETARY MAYORKAS

- i. I am calling to request that the President reconsider the decision to not provide RFK Jr Secret Service Protection. The need is pretty obvious and history supports this decision. I find it hard to understand his reasoning and hope that he can find the correctness, let alone compassion in having a presidential candidate be protected in the legal pursuit of the highest office of our country. Please tell the President I ask that he set aside his personal pride and have his administration do what's right for the safety of the candidate and all Americans involved in our democratic process.
- ii. I am calling to ask that Secretary Mayorkas grant Secret Service protection to Robert F. Kennedy, Jr. The threat Mr. Kennedy faces is indisputable, and it is inconceivable to your Democratic base that his requests have been denied. Please reconsider your ill-advised decision to deny protection to this highly respected American presidential candidate. Thank you.
- iii. Please grant Secret Service protection for Robert F. Kennedy Jr., as has been offered for every major Presidential candidate in modern history. Given his family history, the need is more acute. Further, denying protection just makes the Biden administration look petty and small.
- iv. Please provide Secret Service protection for Robert F. Kennedy Jr. It's bad enough that you refuse to debate him, and that the DNC stacks the rules against him. What happened to fairness and democracy in the Democratic party? What possible rationale is there for denying him security?

- v. I am a staunch Biden supporter. Therefore, I am urging you to provide Secret Service protection for Robert Kennedy Jr. As he has indicated, by not providing it, you are encouraging him to run as an independent. This creates a *far* greater threat to Biden, not only because he would likely siphon more votes from Democrats than Republicans, but also because if Kennedy were to take just one or two states with 35% of the vote, it could throw the election to Trump by virtue of Republican house member control of a majority of states delegations. Also, providing protection is the right thing to do anyway.
